If you are interested in a January or April start for your child, please indicate below:

In the Spring term, we will contact all families that were successful in securing a place for September and will arrange a meeting for you to come along and meet the staff and learn more about our Nursery. For a January or April start, when available, we will contact you in the Autumn term.

I confirm that my child's date of birth falls between Sept 2022 – August 2023 and I understand that I am registering 'an interest' at this stage.
